

Act probe of police here alleges 'conspiracy'

...and to evidence a conspiracy of

On January 19, 1968, the police lost control of the riotous march on the West Side. The marchers consisted of many groups that were uncoordinated. The police officers involved in the riot were taken to the headquarters of the police.

Thompson, former leader of the Black Party, was shot in the West Side neighborhood of Chicago, and taken from the scene by police officers.

Police said they are investigating the incident in the racially roiled 3d District. Police charged Sunday that the allegedly violent organizations were disrupting peace marches through the police department.

Sgt. James Rochford said Monday morning the bombing of the officers was a "broad hint" the world might see an escalation.

...Schmeitator, the assistant U.S. attorney for the Southern District of New York, is in the office, and he is the one who is in the conference room. He wants to

Reagan said he had turned over to Schmeffterer information on the West magazine he said was sent through the public mail system.

Savage also said he had declined to discuss the literature with the police internal inspections division, which had contacted him about the matter.
